For Immediate Release

**The CMM Group To Exhibit At CoatExpo Show,
May 18-20 in Guangzhou, China**

The CMM Group, LLC, De Pere, Wisconsin will be an exhibitor at the China 2009 CoatExpo taking place May 18 – 20 at the Guangzhou International Convention & Exhibition Center.

CMM will be showcasing the company's line of Air Pollution Control Systems and Industrial Ovens and Dryers to Chinese based companies involved in wide range of industries including: paints and coatings, printing inks, adhesives, plastics, petroleum, chemical, paper making, furniture, automobile, etc.

CMM's Air Pollution Control Systems can destroy up to 99%+ of the air pollutants being emitted from factory exhaust stacks and include Regenerative Thermal Oxidizers, Catalytic and Thermal Oxidizers and Rotary Concentrator Systems. CMM Ovens and Dryers can be custom designed for use with carts, racks, conveyors or roll support and provide peak operating efficiencies, superior drying, baking and/or curing uniformity with high production rates.

Backed by an experienced staff with many years of experience in a wide range of industries, The CMM Group provides turnkey design, fabrication, installation and project management services for air pollution control systems, oven and dryers, energy recovery systems, production machinery and ancillary systems.
